Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicant hereby discloses to the Patent Office patents, publications or other information of which it is aware, that it believes may be material to the patentability of one or more of the pending claims in this application and in respect of which there may be a duty to disclose in accordance with 37 CFR § 1.56.

The filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information, as defined in 37 CFR § 1.56, exists. CFR § 1.97(g).

Further, the items identified in this Information Disclosure Statement may or may not be "material" pursuant to 37 CFR § 1.56, and the submission thereof by Applicant shall not be construed as an admission that any such patent, publication or other information referred to therein is material or considered to be material (37 CFR § 1.97(h)), or even qualifies as "prior art" under 35 U.S.C. § 102 with respect to this invention unless specifically designated by Applicant as such.

Attached is a copy of Form PTO-1449 listing patents, publications, and other information known to Applicant that may be material to the patentability of one or more claims of the subject application. Applicant respectfully requests that a copy of the enclosed Form PTO-1449, as considered and initialed by the Examiner, be returned with the next communication conveying a substantive action. Respectfully submitted,
